NEW: MEDIAPOLIS

Anyone who thinks that games like World of Warcraft and Grand Theft Auto reach no further than their own virtual surroundings has got it wrong. The music of Snoop Dogg, Dizzee Rascal and Juan Atkins is fuelling the engines of electronic globalization. Mediapolis shows how popular culture is taking an ever firmer grip on our living environment and on our lives. In two editions, English and Dutch.

PRESENTATION

We will be pleased to welcome you to the presentation of the book at the NAI, Museumpark 25, Rotterdam, at 8 p.m. on Thursday January 11th 2007. More information about this event soon at <http://www.nai.nl>. Entrance fee: 5 euros.

NEW: VMX ARCHITECTS AGENDA

With the temporary bicycle shed at Amsterdam Central Station and the headquarters of Directie Noordzee in Rijswijk, VMX Architects are a force to be reckoned with. And now they are the very first architectural practice to give a look behind the scenes at the process that produces their designs. Honest and confrontational in its joys and frustrations, the VMX Agenda challenges the client-architect relationship and other taboos. Not to be missed.

* VMX Architects Agenda / Olv Klijn / design Mevis & Van Deursen / English / ISBN 978 90 6450 575 1 / euro 34.50 / to be published January 2nd 2007 / see also <http://www.oiopublishers.nl> under 'forthcoming titles'.
