## EXHIBITIONS: PAUL SCHUITEMA

Paul Schuitema is back with a vengeance. Last year 010 published a book about this graphic designer, photographer, film-maker and furniture designer. Dutch Originals have brought his chairs back into production. And soon his work can be seen at not one but two exhibitions in The Hague. You can admire his chair designs at the Gemeentemuseum and his typographic and graphic work at Museum Meermanno:

- Volmaakt Verchromd. D3 en het avant-garde meubel, Gemeentemuseum, The Hague, <http://www.gemeentemuseum.nl>, June 23rd to September 16th 2007.
- Paul Schuitema. De foto in de avant-gardetypografie, Museum Meermanno, The Hague, <http://www.meermanno.nl>, June 23rd to September 2nd 2007.

The 010 book gives a good overview of all facets of his work:

\* Paul Schuitema. Visual Organizer / Dick Maan / design Huug Schipper / English / ISBN 978 90 6450 600 0 / euro 34.50

Also available in Dutch and German.

## ROTTERDAM: CITY OF ARCHITECTURE 2007

In its year as 'City of Architecture' Rotterdam is awash with activities. We recommend the following:

010 author (and architect at MVRDV) Winy Maas is to deliver a 'power talk' at the Kunsthall as part of the 3rd International Architecture Biennale. Its subject? 'The Urban Future and the Power of the Architect'.

- 3rd International Architecture Biennale, until September 2007. Visit <http://www.biennalerotterdam.nl> for the complete Biennale programme.
- Lecture: Winy Maas in the Power Lounge, Kunsthall Rotterdam, Thursday, May 31st 2007, 17.30. For reservations, go to <http://www.biennalerotterdam.nl>.

If you can't make it on May 31st, you can always compensate by buying the third edition of MVRDV's magnum opus:

\* FARMAX. Excursions on Density / Winy Maas, Jacob van Rijs, Richard Koek / design Roelof Mulder, Annemarie van Pruysen / English / ISBN 978 90 6450 587 4 / euro 39.50

The Spido water tour company is capitalizing on the 'year of architecture' with architecture boat tours. Enjoy a view from the river of the skyline and such buildings as the Zalmhuis (a recently reconstructed 1950s Jugendstil pavilion), Unilever's Bridge Building and the Shipping and Transport College.

If you prefer to stay on dry land but don't fancy walking, you can take the Spido mini-train. This trip takes in just about every Rotterdam building worth looking at.

- Architecture boat tour: April to September 2007 daily at 13.15.
- Architecture round tour by mini-train: April to September 2007 daily at 15.00.

For more information (some in Dutch only) go to <http://www.spido.nl>.

As de Architect magazine put it: 'Thanks to 010 Publishers, the city that promotes itself as the Netherlands' first city of architecture now has an architectural guide worthy of the name.'  
Our sentiments entirely!

So have it with you when you visit the City of Architecture:
