If you no longer wish to receive our newsletter, please send an e-mail (just one more!) to [unsubscribe@oiopublishers.nl](mailto:unsubscribe@oiopublishers.nl) and we shall remove you from our list.

COMING SOON: AMERIKAANSE DROMEN (American Dreams)

Van Doesburg, Oud and Duiker, Wils and Dudok were all inspired to a greater or lesser extent by the American architect Frank Lloyd Wright. And even nowadays, new housing estates are still announced with the soliciting slogan '1930s style': Wright's style. American Dreams explains why the work of Frank Lloyd Wright was able to become so popular, as well as outlining and the way and extent to which Wright managed to make use of the media.

\* Amerikaanse dromen. Frank Lloyd Wright en Nederland / Herman van Bergeijk (ed.) / Dutch / ISBN 978 90 6450 593 5 / € 24.50 / to be published 31 March 2008

With contributions by Anthony Alofsin, Herman van Bergeijk, Dan Naegele, Timo de Rijk, Mariette van Stralen, and Sander Woertman
